

GILA COUNTY BAR ASSOCIATION ENDORSES COUNTY ATTORNEY FOR NOMINATION FOR STATE OFFICE

GLOBE, Ariz., Dec. 9.—Perhaps the first definite move in state politics for the coming election was the unanimous endorsement this week by the Gila County Bar Association at its annual meeting of County Attorney John W. Murphy for the Democratic nomination for attorney general.

"This is a movement which is expected to meet with the hearty support of a large majority of the voters of Gila county," Mr. Murphy has for many years been a resident of the county and for the past three years has occupied with distinction the office of county attorney.

"The ability and integrity he has displayed in conducting the affairs of that office is a strong assurance that the people of the state of Arizona will have no cause to regret the election of Mr. Murphy to the office of attorney general," said C. C. Faires in moving the resolution and calling attention to the fact that the second nomination for county attorney was given Murphy without opposition and that this meant something in view of the fact that of the thirty-four members of the bar association, the great majority are Democrats.

Strongest Democrat
Faires stated: "As an evidence of the high regard in which Mr. Murphy is held by the voters of this county, I call attention to the fact that at the last election, while the Republican electors carried Gila County by a majority of 417, Mr. Murphy was elected by a majority of 1991, although he had as an opponent an estimable member of this association."

The resolution follows:
Whereas, John W. Murphy, a member of this Bar Association, has been County Attorney of Gila County for the past three years, during which time he has consistently succeeded in handling his many duties in a just, competent and efficient manner; and Whereas, his successful prosecution of the many important cases, both civil and criminal, which have arisen during his term of office, has been of great benefit to this community; and

Whereas, he has held other positions of honor within this state and has at all times attended to the duties of same with fidelity and appreciation of the trust confided to him; and Whereas, we have had an intimate acquaintance with Mr. Murphy during which time we have found him to be, not only a lawyer of unusual ability but, also, a man of integrity and honesty; and

Whereas, the honest, efficient and economic manner in which Mr. Murphy has rendered services to Gila County demonstrates that he is amply qualified to perform in a highly satisfactory manner the duties that devolve upon the incumbent of the office of Attorney General;

Banquet Is Arranged
Now, therefore, be it resolved: That we, the members of the Gila County Bar Association, unanimously endorse Mr. Murphy as a candidate for the Democratic nomination for the office of attorney general of the state of Arizona; and Be it further resolved: That the secretary of this meeting call upon Mr. Murphy and urge his candidacy for said nomination and pledge the hearty support of the members of the Gila County Bar Association for the same.

Unanimously adopted at annual meeting, December 5, 1921.
Secretary.
After the indorsement of County Attorney John W. Murphy for the office of attorney general the association then held its annual election of officers. The following officers were re-elected to succeed themselves: President, Charles L. Rawlins; vice-president, James R. Mallott; secretary, L. L. Henry; treasurer, Geo. F. Sonner; executive committee, N. J. Johnson, H. L. Partridge and W. E. SoRelle.

Following the election of officers the association laid plans for a big banquet to be held some time during the month of January. No definite date was set, but the following members of the association were appointed on a committee to make the plans:

He Can't Remember When He Ever Felt Better, Says Wash

"I have picked up twelve pounds by taking Tanlac and can't remember when I felt better than I do now," said R. S. Wash, 2476 Glencoe St., Venice, Cal.

"For two years before I got Tanlac I was just miserable all the time with my stomach. After meals came formed and I had indigestion so bad I got in an awfully run down condition. My sleep was poor and I was so weak and nervous I could hardly keep going."

"Not until I began taking Tanlac did I find any relief and soon my appetite became so keen I could hardly satisfy it. Since finishing my fourth bottle I feel like a brand new man, eat anything I want and it doesn't hurt me a particle, sleep better than I have in years and have strength to do my work with perfect ease. I have a brother in St. Louis who has the same trouble I suffered with, and have written him about Tanlac and urged him to take it, for I believe it will do as much for him as it has for me."

Tanlac is sold in Bisbee, Lowell, Warren and Naco by Phelps Dodge Mercantile Co., and by leading drug gists everywhere.

MARSHALL WILL OPEN MEETING

Former Vice President's Address Will Be Feature of Industrial Conference

PHOENIX, Dec. 9.—Former Vice President Thomas R. Marshall has been obtained as the opening speaker of the industrial conference to be held at Phoenix December 15 and 16. It was announced by the committee on arrangements today.

For a number of years past, Mr. Marshall has made his winter home in the Salt River valley, and his keen interest in the development of Arizona, as well as his insight into national affairs, makes his selection as a conference speaker an especially appropriate one in the minds of those backing the movement.

The conference program will open Thursday morning, December 15, with an address of welcome on the part of Mayor Plunkett of Phoenix. He will be followed by the former vice president, who will outline the pur-

pose and scope of the meeting and give the conference the benefit of his observations on co-operation of industries.

Just how the other large industries of the state can help the agricultural interests of the state, will form the basis of one of the most interesting discussions.

Farmers Are Interested

The farming interests throughout the state have awakened to the importance of the coming conference of the major industries as a means of working out a program of co-operation mutually helpful, and a large representation from agricultural sections is expected. Interest in this phase of the conference has been enhanced by the announcement that C. S. Brown, president of the Arizona Farm Bureau, will be here from Tucson to make one of the principal addresses.

Word from Tucson is to the effect that the business interests of that community are taking a lively interest in the coming meeting, and the movement is receiving splendid support from commercial organizations throughout the state.
